## Boat Polishes that inspire

# Perfection in Polishing

Made in Germany.

**Menzerna develops and produces premium quality polishes, cleaners and care products for gelcoat surfaces, automotive clear coats and a wide variety of industrially polished materials.**

We have been maintaining and caring for the most sensitive surfaces of our customers for more than 125 years. Extensive formulation know-how and a precise understanding of customer requirements have made us a technology leader for industrial polishing and a leading automotive industry supplier. We offer variable and coherent polishing systems for all industrial and trade applications.

## Gloss values

- Market and technology leader for industrial polishing
- References include premium brands, sector leaders, OEMs
- Technical sales worldwide

## Head office:

Ötigheim, Baden-Württemberg,  
Germany

## Year of founding:

1888

## Certification:

DIN EN ISO 9001,  
DIN EN ISO 50001

## Formulations:

> 200

## Innovation:

Every fifth formulation is less  
than 5 years old

## Areas of application:

Automotive clear coats, marine,  
musical instruments, watches,  
jewellery, sanitary fixtures,  
furniture, household goods

Specialist

# Greater Polishing Performance for Gelcoat Surfaces.

## Perfection in Polishing

### Working economically with systematic polishing process

- Premium polishing products: especially developed for all types of gelcoats
- Powerful, variable polishing system with the latest technology
- Straightforward application and management in the polishing process
- One-step products for working economically
- Long-lasting protection against environmental influences (salt, dirt, lime growth, UV radiation)
- Surface quality according to the defined objective
- Preservation and smoothing of the gelcoat

## Our Expertise - Your Added Value

### Protection and lasting value with the latest polishing technologies

- Optimum preparation of the surface being polished
- Removing bad scratches, chalking, yellowing, fender marks
- Matching the surface quality in defective areas, e.g. after repairs
- Achieving various gloss levels up to absolutely hologram free
- Preserving the polishing result
- Coating the surface for economical flow characteristics and long-lasting protection against adhesion

### The First Choice for:

- Boat builders
  - Shipyards
- 
- Boat reconditioners
  - Boat lovers
- 
- Service and Repair Shops

## Marine Expertise

# Gelcoat Premium One-Step Polish

Heading for bliss at high speed! Premium one-step polish pulls through at the highest level, from beginning to end.

Polishes to a high gloss in just one process step. Once around the boat – finish included. A look at the brilliant result gives you goose bumps.

---

**Surface condition:** Strong yellowing, strong weathering/ chalking, scratches, dull spots

---

**Polishing result:** Perfect surface with brilliant gloss even on dark gelcoats. Smooth surface for the best flow characteristics.

---

**Polishing tool:** Lambs wool,  
**HEAVY CUT FOAM PAD**

---

- Advantages:**
- One-step process thanks to high-tech minerals
  - All polishing steps with just one product
  - Fast elimination of defects with the highest gloss level
  - Straightforward processing, also on large areas
  - Clean processing without raising dust and dirt, thanks to optimised binding

Process Example:

---

**PREMIUM  
ONE-STEP  
POLISH**

**PREMIUM  
PROTECTION**

# Gelcoat Premium Gloss

## Super Finish

**Pure luxury! Premium Gloss is the flagship in the gloss class. An expression of love for the boat. Proud to turn heads.**

The ultimate mirror finish of Premium Gloss is revealed to its best advantage on dark gelcoat surfaces. Gliding along weightlessly: the smooth and flawless surface makes it possible. Aesthetic and functional enjoyment for sailing and motor boats.

---

**Polishing result:** Absolutely hologram-free surface with exclusive gloss, even on dark gelcoats. Smooth surface for the best flow characteristics.

---

**Polishing tool:** **MEDIUM CUT FOAM PAD**  
**SOFT CUT FOAM PAD**

---

**Advantages:**

- Flawless surface for economical flow characteristics
- High-end polishing minerals produce an ultimate deep gloss of the highest quality
- Maintains and enhances the value of the boat
- Clean processing without raising dust and dirt, thanks to optimised binding

Process Example:

---

**PREMIUM POLISH** >> **PREMIUM GLOSS** >> **PREMIUM PROTECTION**

# Gelcoat Premium Protection

## High-Tech Boat Sealant

**Wellness for your boat. Relief at the stern, bow, starboard and port. Gelcoat Premium Protection offers long-lasting protection against adhesion and scratches.**

The latest polymer technologies create a visibly fresher and perceptibly smoother surface.

Lively effect: less resistance, reduced consumption.

---

**Polishing result:** Long-lasting surface protection, preservation of the previously achieved polish, protection against environmental influences, deposits and scratches.

---

**Polishing tool:** **WAX FOAM PAD,**  
microfiber cloth

**Advantages:**

- Flawless surface for economical flow characteristics
- Maintains and enhances the value of the boat
- Effectively prevents adhesion, even during extended lay days and downtime

Process Example:

**PREMIUM  
POLISH**

**PREMIUM  
PROTECTION**

## Metal Polish

### Universal Polishing Cream.

Metal Polish cleans and polishes stainless steel, aluminium, chrome, brass, copper and silver. It ensures the perfect gloss for steering wheel, anchor chain, bow rails, cleats, T-Tops and Towers. Also perfect on domestic and leisure parts like cutlery, sanitary fittings, metal instruments etc.

**Polishing tool:** Microfiber cloth

**Processing:**

1. Apply by hand with microfiber
2. Polish with circular movements
3. Remove residue with a clean, soft cloth

## Control Cleaner

### Cleaning spray for especially thorough polishing.

The ultimate pre-cleaner to support the visual inspection of the coating surface being worked on. Removes polish residues, grease and contaminants prior to sealing.

**Polishing tool:** Microfiber cloth

**Processing:** by hand

**Advantages:**

- Cleans without streaks
- Remove all traces of polishing residues and grease
- Perfect wiping

Process Example:

**CONTROL CLEANER** >> **PREMIUM PROTECTION**

## Other accessories

If no polishing machine is available, the ergonomic Menzerna hand polishing applicator or the adapter for a standard drill can be used to work with Menzerna high-performance polishes. The perfect polishing result is completed with Menzerna microfiber cloths.

### Hand Polishing Applicator

**Volume:** 95 mm/3,5"  
**Item no;** 26912.099.001

### Polishing Adapter for Drilling Machines

**EU Thread:** 26916.099.001  
**US Thread:** 26916.099.133

### Standard Microfiber Cloth

**Measures:** 40 x 40 cm / 15 x 15"  
**Item no;** 26924.099.001

### Premium Microfiber Cloth

**Measures:** 40 x 40 cm / 15 x 15"  
**Item no;** 26923.099.001

### Premium Backing Plate

**Volumes :** 75 mm/ 3"  
**Item no;** 26934.099.001 (EU Thread)  
26934.099.133 (US Thread)  
123 mm/ 5"  
26931.099.001 (EU Thread)  
26931.099.133 (US Thread)  
148 mm/ 6"  
26935.099.001 (EU Thread)  
26935.099.133 (US Thread)

# Pad Program

The pads in different levels of hardness are optimally matched to the Menzerna polishes. The safety edge protects against damage from the backing plates. The washable foams adapt perfectly to the surface.

- Advantages:**
- Washable
  - Safety edge
  - High quality Velcro
  - Comfortable application
  - Durable, long-lasting foam

**Application:** Rotary, orbital, by hand

**Volume:** 95 mm / 3,5"  
150 mm / 6"  
180 mm / 7"

Optimised for:

**HEAVY CUT FOAM PAD**  
**PREMIUM ONE-STEP POLISH**

Optimised for:

**MEDIUM CUT FOAM PAD**  
**PREMIUM GLOSS**

Optimised for:

**SOFT CUT FOAM PAD**  
**PREMIUM GLOSS**

Optimised for:

**WAX FOAM PAD**  
**PREMIUM PROTECTION**
