

## Heavy Cut Compound 400 Lady Line - Performance Compound -

### Product Description

Menzerna Heavy Cut Compound 400 Lady Line is the innovative sanding polish with pleasant coconut odor suitable for modern automotive clear coats. HCC 400 Lady Line removes sanding marks as well as signs of use in the shortest possible time and guarantees a shiny surface. The polish is highly productive, silicone-free and in a trendy pink color.

<p><b>General information:</b></p> <p>Product Group: Heavy, Medium, Finish</p> <p>Category: Premium</p> <p>Cut: 8</p> <p>Gloss: 8</p> <p>Application: Detailing/ Paint Shops</p> <p>Storage: 5- 30°C, avoid frost and direct sunlight</p> <p>Colour: White</p> <p>Volumes: 250 ml: 22726.281.133</p>	<p><b>Chemical information:</b></p> <p>Density: 1,1 kg/l</p> <p>Viscosity: 9-15 Pas</p>
	<p><b>Technical information:</b></p> <p>Maximum abrasion: P1500 with Lambswool Pad P2000 with Pad</p> <p>Polishing tools: Lambswool Pad Heavy Cut Foam Pad Optional Soft Cut Foam Pad</p> <p>Speed recommendation for hard paint: Rotative: Start: 800-1500 rpm, End: 1800-2000 rpm Orbital: Start: lower speed range, End: higher speed range</p> <p>Pressure recommendation: Start: high pressure, End: low pressure</p>

### Recommended Usage

- Clean surface thoroughly prior to polishing.
- Shake the bottle prior to use and apply the following quantity of the product onto the polishing pad.  
Recommendation for a 40cm x 40cm area:  
Pad with a diameter of 95mm: 3-4 pea-sized drops  
Pad with a diameter of 150mm: 5 pea-sized drops  
Pad with a diameter of 180mm: 6-7 pea-sized drops
- Use the Menzerna Heavy Cut Foam Pad or Menzerna Lambswool Pad in the event of heavy signs of use. With a rotary polishing machine use our Menzerna Standard Lambswool Pad and, for an orbital polishing machine, our Menzerna Orbital Wool Pad.
- Use either a rotary or an orbital polishing machine and use the cross-coating method.  
Work in the beginning with low machine speed and apply strong pressure while polishing. In the last cycles

Tel.: +49-7222-9157-0  
office@menzerna.com

- reduce the pressure and increase the speed of the polishing machine.
5. At first, the polish will seem a little milky and should be worked in until only a slightly transparent/oily film is visible.
  6. Once you have finished polishing, remove any residue with our Premium Microfiber cloth, without applying any pressure.
  7. Depending on the surface requirements: a second step can be made to create a high-gloss finish. Here you have the option of using the Menzerna HCC400 Lady Line again or one of our Menzerna Finishes. In both cases in combination with the Menzerna Soft Cut Foam Pad.
