

Gelcoat Premium Gloss - Finish -

Product Description:

Menzerna Gelcoat Premium Gloss is the high-end finish for the marine sector, especially for all gelcoat surfaces. It gives the surface an ultimate deep shine, especially on dark gelcoat surfaces.

General Information:		Chemical Information:		
Category:	Marine	Density:	e.g. 1,1 kg/l	
Product Group:	Finish	Viscosity:	8 – 15 Pa*s	
Cut:	3	Technical Information:		
Gloss:	10	Use together with:	Soft Cut Foam Pad	
Storage:	5- 30°C, avoid frost and direct sun	Rotation speed recommendation:	Rotary or orbital:	
Colour:	Blue	Pressure recommendation:	Higher speed range	
Packaging:	1L: 24014.261.080		Apply with light pressure	

Advantages

- Flawless surface for economical flow behavior
- High-end polishing minerals ensure the ultimate deep shine at the highest level
- Maintaining and increasing the value of the boat

Usage Recommendation

1. Before using it: clean the surface well.
2. Shake the bottle and pour the product onto the polishing pad. Please note: the bigger the pad, the more Gelcoat Premium Gloss you need.
3. Use the Menzerna Soft Cut Foam to remove holograms, fine scratches, polishing marks and shadows.
4. To achieve an ultimate deep gloss, we recommend using an orbital polishing machine and working in a cross-pattern.

While polishing, apply light even pressure to the polishing machine and polish with Gelcoat Premium Gloss at a constant high speed.

5. After polishing, remove polish residues with the premium microfiber cloth.
6. Holograms, fine scratches, polishing marks and shadows have now been removed. Your surface should now have an ultimate deep shine and it now can be sealed with Gelcoat Premium Protection.
