Technical Datasheet

Premium Power Cut 200

- Gelcoat & Composite Polish -

menzerna polishing compounds

Product Description

Menzerna Premium Power Cut 200 is the ultimate cutting compound for gelcoat, CFRP, GFRP and other composites and plastics. Premium Power Cut 200 has maximum stock removal and eliminates sanding marks, yellowing, clouding and signs of wear in the shortest possible time. Menzerna Premium Power Cut 200 will prevent lambswool pads from clogging thus ensuring longer service life of pads and better polishing results. Menzerna Premium Power Cut 200 does not contain any aggressive solvents and is therefore user- and environmentally friendly.

Cut:										10
Gloss:						6				

Color:	White
Density:	1,3 kg/l
Storage:	5-30 °C, avoid frost and direct sunlight
Application:	Rotative
Recommended speed:	1200-1800 rpm
Maximum grinding removal:	P600-P800
Pad recommendation:	Double-sided lambswool pad Crater Shaped Lambswool Pad

Surface options:

- Gelcoat
- Topcoat
- GFRP, CFRP-Composites
- Perspex
- PE-reisin
- Boat paints

And many more!

Recommended Usage

1.	Clean surface thoroughly.
2.	Shake the bottle and apply about 15 g of polishing compound to the double-sided lambswool pad.
3.	Work in a crossing motion. Apply strong, even pressure during polishing and run the product at a consistently low speed. When the produc has been evenly distributed and worked into the surface after a few seconds, increase the speed. Work over as large an area as possible to reduce heat build-up at certain points.
4.	The polish is completely applied when only a slightly transparent or oily film is visible.
5.	Remove polish residues with a microfibre cloth. Optionally, use cleaner to check the polishing result.
6.	Sanding and wear marks are now removed. If required for a glossy surface, e.g. when working on dark paints, apply a finish product to remove any holograms and polishing marks.

The Menzerna-System

	1. Heavy Cut	2. Medium Cut	3. Finish	4. Protection
Standard products	**PPC 200**		SF 3500	
	AS 30			
	Cut Force Pro			
Marine products	**PPC 200**			
	GC One-Step-Polish		GC Premium Gloss	GC PP

Volumes

Bottle, plastic, 250ml	24017.281.080
Bottle, plastic, 1 litre	24017.261.080
Other container upon request
