

**Product Description**

Sealing Wax Protection now comes with an improved formulation. The sealant is quick and easy to apply, delivers a brilliant gloss in no time, and reliably protects the clear coat against environmental influences.

<b>Cut:</b>	-									
<b>Gloss:</b>										10+

<b>Color:</b>	White
<b>Density:</b>	1,0 kg/l
<b>Storage:</b>	5-30 °C, avoid frost and direct sunlight
<b>Application:</b>	Rotativ, Orbital, manual
<b>Recommended speed:</b>	800-1000 rpm
<b>Durability:</b>	A few weeks

<b>Pad recommendation:</b>
- Premium Wax Foam Pad
- Premium Microfiber Cloth

**Recommended Usage**

1.	Thoroughly remove coarse dirt from the surface or polish it.
2.	Shake the bottle and apply 3 (ø95 mm) -7 (ø180 mm) pea-sized drops of APO45 to the polishing pad or your Premium Microfiber Cloth
3.	Apply a thin and even layer to the entire part.
4.	Immediately after application, polish with a clean microfiber cloth until no residue is visible.
5.	Now treat the next part of your car until you have treated all the individual parts.
6..	Your surface has a brilliant deep shine and is protected.
