| Volumes:                    | 1 L: 20144.261.001                           |                               |                    |

### Recommended Usage

1. Use: preparing the surface prior to the coating process.  
The product is a substitute for sandpaper when matting surfaces.
2. Apply Liquid Matt to a wet abrasive pad and buff the surface in circular motions.
3. Rinse away any residue with water.
