

Power Protect Ultra 2in1 - High Gloss Finish and Silicone Free Protection -

Product Description

Menzerna Power Protect Ultra 2in1 (PPU) is a silicone-free coating sealant and high-gloss finish in a single product. PPU removes fine streaks and holograms in addition to forming a protective film with outstanding gliding properties that prevents the adhesion of dirt. VOC-free.

General information:		Chemical information:		
Product Group:	Finish, Protection	Density:	0,95 kg/l	
Category:	Premium	Viscosity:	7-12 Pas	
Cut:	2	Technical information:		
Gloss:	10	Maximum abrasion:	Hologram removal	
Application:	Detailing/ Paint shops	Polishing tools:	Soft Cut Foam Pad Wax Foam Pad	
Storage:	15-25°C, avoid frost and direct sunlight	Rotational speed:	Rotary: 800–1,200 rpm Orbital: depends on manufacturer	
Colour:	Purple			
Volumes:	250 ml: 22753.281.001 1 L: 22753.261.001			

Recommended Usage

1. Clean surface thoroughly prior to polishing.
2. Shake the bottle prior to use and apply a small quantity of the product onto the polishing pad (a pea-sized drop is sufficient for an area measuring approx. 80 x 80 cm).
3. Use the Menzerna Soft Cut Foam Pad to remove fine scratches, shading, smears and holograms.
4. Use either a rotary or an orbital polishing machine and use the cross-coating method.
We recommend an orbital polishing machine to achieve a perfect finish. Apply light pressure at the start of the polishing process. Take away the pressure in the final cycles and increase the speed of the polishing machine by 10%.
5. Following application: leave the sealant to dry for 5 to 10 minutes and remove any residual polish with the Premium microfiber cloth, without applying any pressure.
